

## Hello Orchard Farm Residents!

We've had a great start to the year and are looking forward to warmer weather, events, and strengthening our community. Keep reading to discover what the Board has in store for the community, starting a neighborhood watch service, community fun, and businesses you can support right here in the neighborhood.

## Latest from the Board

At the March 1, 2023 district board meeting, the Board approved a renovation of the raised medians along 161st. The current rose bushes that are there will be taken down and available for residents to keep. If interested, email [landscaping@orchardfarmsmetrodistrict.com](mailto:landscaping@orchardfarmsmetrodistrict.com) for further information. With regard to home renovations in the community, the Board approved amendments to the design guidelines. The updated information on what will be allowed will be available on the Metro District website in the coming weeks.

Residents should note that there will no longer be an election on May 2. Current Board member, Brian McNelly, will retain his position as Secretary. There is still one seat available on the that no one has offered to run for. Residents interested in filling the position can contact CLA on the Metro District website contact page.
